### NOTICE:

It is hereby informed for all the BA and B.Sc students that there will be a student's "Rangoli" and "Drawing" competition on 28-02-2023 on the eve of National Science Day – 2023 organized by **Science Association Committee**, under IQAC. The theme of the National Science Day, NSD-2023 for the year 2023 is "Global Science for Global Wellbeing".

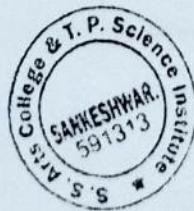

Any one of the following topics can be selected for the competition

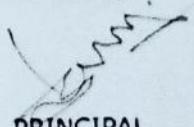

1. "Environmental sustainability".
2. "Science in Rangoli".
3. "Health and wellness".
4. "Global warming and its prevention".
5. "Waste management".

Interested students can enroll their names to Smt. Vidya Jirage and Miss. Lakshmi Mudgal, for "Rangoli competition" and Miss. Anu Mahalingpur and Miss. Madhu Waghi, for "Drawing competition", Department of Chemistry by evening 4.30 pm. The competition will be held on 28-02-2023 at 11.00 am. The best presentation will be awarded with attractive prizes.

## REPORT:

### National Science Day-2023

**Theme of the National Science Day 2023: “Global Science for Global Wellbeing”**

Every year to commemorate the discovery of “Raman Effect” by an Indian Scientist Sir **Chandrasekhar Venkata Raman**, our nation celebrates “National Science Day” on February 28. Sir C. V. Raman discovered the Raman Effect in 1928 and got Nobel Prize for the discovery in the year 1930 in Physics. He was the first Asian person to get the prestigious award. In our college also we celebrated the National Science Day by organizing a “Rangoli and Drawing competition” for all the B.A and B.Sc Students. The theme of the competition was on the following topics.

- ❖ “Environmental sustainability”.
- ❖ “Science in Rangoli”.
- ❖ “Health and wellness”.
- ❖ “Global warming and its prevention”.
- ❖ “Waste management”.

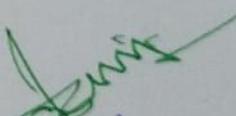

The present year **Dr. Jitendra Singh**, Union Minister of State Science launched the theme “*Global Science for Global Wellbeing*”. He expressed the happiness over the achievement of the nation in various field and reflected the theme as India is holding the G-20 nations presidency for the present academic year in the India itself.

Looking at the vast contribution from the country in the field of medical, for instance covid-19 pandemic period, India not only protected its citizens but also donated the vaccines freely to different nations of the world, financial assistance to debt ridden Sri Lanka, the raise of diplomatic relations not only among the developed nations but also among the developing nations having protecting the rights and equality of the poor nations that showed the importance of India for the whole world.

The conduction of the rangoli and drawing competition had a great impact on the students. The first and foremost thing the students had the awareness about theme of National Science Day – 2023 which is “Global Science for Global Wellbeing”. Students’ actively participated and involved in the rangoli and drawing competition. The event impacted effectively on the creative thinking and analytical thinking of the students. It motivated the students towards the cross cutting issues such as environmental sustainability, global warming and its prevention etc. The positive outcome o the event is that it increased the self-confidence and the same time explored the hidden talent of the students about the scientific issues. It also emphasized the health and wellness of every individual. The students also realized the importance of not only creating awareness but also the effective utilization of the resources, if possible to reuse, recycle and reduce the wastes, about the solid waste management. It opened up the opportunity for the students to reveal the art of science through the rangoli. It was observed that the sustainable progress and development of the overall growth of the society is very essential for the whole world. Students were made to realize the significance of the national science day theme and dream of India as a global leadership in achieving the goal of “Vasudhaiva Kutumbakam”.

Before the start of the event **Shri G. C. Kotagi**, Secretary, S.D.V.S Sangh’s, Sankeshwar interacted with the students regarding the importance of national science day and the most renowned Indian scientists and their contribution towards the society. He also stressed the students not to forget the contributions of the scientists from India towards the welfare of the humanity. He also emphasized the students to think in different dimensions for the exploration of science through interdisciplinary approach so that they are able to place in suitable positions in various research institutes.

The winners of the competition are the following

**Rangoli Competition.**

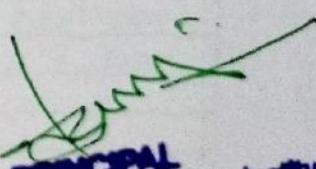

Sl. No	Reg. No	Name	Class	Remarks
1	U15CH21S0020	Miss. Sakshi Kokatnur	B.Sc III sem	I Place
2	U15CH22S0029	Miss. Keerti B. Kamate	B.Sc I sem	II Place
3	U15CH21S0022	Miss Shweta Mugali	B.Sc III sem	III Place

**Drawing Competition.**

Sl. No	Reg. No	Name	Class	Remarks
1	S2022530	Shri Shivaprabhu Nandihalli	BSc V Sem	I Place
2	U15CH22S0024	Shri Prajwal Patil	BSc I Sem	II Place
3	A2034471	Shri. Shankar Aivalli	BA V Sem	II Place
4	U15CH22S0017	Shri Manjula Nerli	BSc I Sem	III Place

Finally the presidential remarks were given by Dr. P. B. Burji, Principal and concluded with vote of thanks by Shri M. R. Patil, Assistant professor of Physics, SSTP College, Sankeshwar.
